

BUILT TO LAST

Years of research and development by Daisy under Australian conditions, has resulted in a technically innovative design that is exclusive to Daisy.

Only Daisy pool covers utilise the trademarked and award-winning UltraDome™ technology. Our unique design and moulding technique enables the polyethylene (PE) bubble layer to be formed in a profile that is consistent in thickness. The results:

- the elimination of weak points for maximum durability and greater strength
- super toughened to resist salt, sun and chemicals
- maximum insulation and minimised heat and water loss.

This means you can enjoy your Daisy and pool longer!

RESEARCH, TECHNOLOGY AND SERVICE BACK OUR QUALITY

Integrity and service are what we stand for. Supported by industry leading research and development, all our products are specifically designed and tested for Australian conditions.

WinterKleen covers are ideal when the pool is not in use for extended periods and save your UltraDome Daisy cover from unnecessary exposure. WinterKleen stretches tightly over your pool so that leaves and debris blow off.

1 CHOOSE YOUR COVER

We stand by our product

We honour all warranty claims promptly. If you have a problem with any Daisy product call us and we'll fix it.

*The 525 range has a 10 year pro rata warranty and is only available when purchased from a Daisy Expert outlet. Online purchases of the 525 range will carry the standard 8 year pro rata warranty.

2 CHOOSE YOUR ROLLER

Each roller is made for a small, medium or large pool. An overcover and cover attachment kit is supplied with every domestic roller.

5 Star Roller Range 10 year pro rata warranty

A75 Stationary for smaller pools

SQ Squat profile

ST Stationary

MK II Directional mobile

LP Fully mobile, low profile

FM Fully mobile

AGA Above ground, adjustable

125ST Stationary for longer wider pools

125FM Fully mobile for longer wider pools

MAXI Semi Commercial Fully Mobile for larger pools

DP Daisy Power Electric roller, battery powered AC charge + solar models

UTC Roller Range 5 year pro rata warranty

BUDDY Cost effective for small pools

UTC 75/100 Cost effective 75 or 100mm for small to large pools

UTCAG Cost effective 50 or 75mm for above ground pools

3 POOL SIZE

Simply decide on the essential details:

- (1) type of cover (2) roller system
- (3) pool size: length (B) X width (A)
- (+ step area) = Total square metres.

Ask for a quote let's say - 52m² 525B with an ST roller. Take into account if your pool is indoors or outside. Do you need more heat or less or have leaf debris. Remember your roller adds years to the life of the cover. Does your pool have non-standard features? These are some determining facts you need to discuss with us.

For shaped pools, treat as rectangular
